

Our Lady of Lourdes Baulkham Hills South Internet Acceptable Use Policy Yrs K — 2

Rationale:

The CEO Archdiocese of Parramatta is providing the staff and students at Our Lady of Lourdes school with access to an electronic communication system which enables Internet access. The Internet offers vast, diverse and unique resources to the school community to support research, education and communication through collaborative work. Our goal in assisting students to effectively use this educational tool, is to promote educational excellence for all our students. Access and participation in the global network, the Internet, carries with it responsibilities to maintain established guidelines for acceptable use. It is a privilege, not a right, to access the Internet and this right can be withdrawn at any time.

3. I will only use the Internet for activities and work set by the teacher.
4. I will only use Internet sites listed in the “favourites” tool bar.

1. I will never use the Internet unless a teacher is present.
2. I will not tell others about myself or about other children while using the Internet.
3. I will never install my own CD ROMs on the school’s network.
