**Term 1 Week 6**

**8th March, 2019**

## The Gospel reading for Sunday is from Luke 4: 1-13

*Filled with the Holy Spirit, Jesus was led by the Spirit through the wilderness where he was tempted.*

Filled with the Holy Spirit, Jesus left the Jordan and was led by the Spirit through the wilderness, being tempted there by the devil for forty days. During that time he ate nothing and at the end he was hungry. Then the devil said to him, 'If you are the Son of God, tell this stone to turn into a loaf.' But Jesus replied, 'Scripture says: Man does not live on bread alone.'

Then leading him to a height, the devil showed him in a moment of time all the kingdoms of the world and said to him, 'I will give you all this power and the glory of these kingdoms, for it has been committed to me and I give it to anyone I choose. Worship me, then, and it shall all be yours.' But Jesus answered him, 'Scripture says: You must worship the Lord your God, and serve him alone.'

Then he led him to Jerusalem and made him stand on the parapet of the Temple. 'If you are the Son of God', he said to him 'throw yourself down from here, for scripture says:

He will put his angels in charge of you to guard you,  
and again:

They will hold you up on their hands in case you hurt your foot against a stone.' But Jesus answered him, 'It has been said: You must not put the Lord your God to the test.' Having exhausted all these ways of tempting him, the devil left him, to return at the appointed time.

Congratulations to Kobe Soriano who represented the Parramatta Diocese in basketball on the 1st March. Kobe was selected to be part of the MacKillop team.

Joshua Cetinic has returned from the NSW State Multi Event held in Dubbo with a silver medal (2nd in NSW) in the under 11 boys category. He has also achieved PBs in 100m, 60m hurdles and 800m.

This event is regarded one the most challenging in athletics, as athletes are required to compete across six events over the weekend and placings are awarded according to a point system.

EVERY DAY MATTERS

Missing just two days a month from school amounts to four weeks of lost learning a year. That's a whole year of lost learning from Kindergarten to Year 10. Monitor attendance trends regularly to make sure absences aren't adding up.

## Religious Education in the Classroom - Year 6

The commencement of 2019 has been a very busy time for Year 6. As school leaders with many new responsibilities, buddies to our kindergarten students and enthusiasm for our final year in primary school - we have had an energetic start to the year.

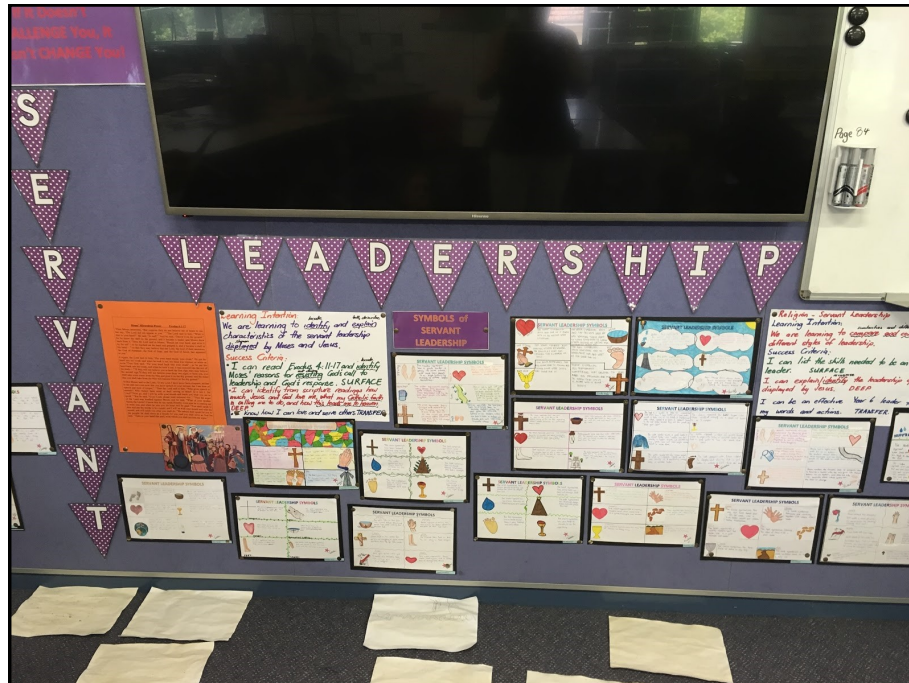

In Week 4, Year 6 presented their first assembly to the students of Our Lady of Lourdes. They processed into the church with their buddies. We listened to the Gospel reading and welcomed new school members.

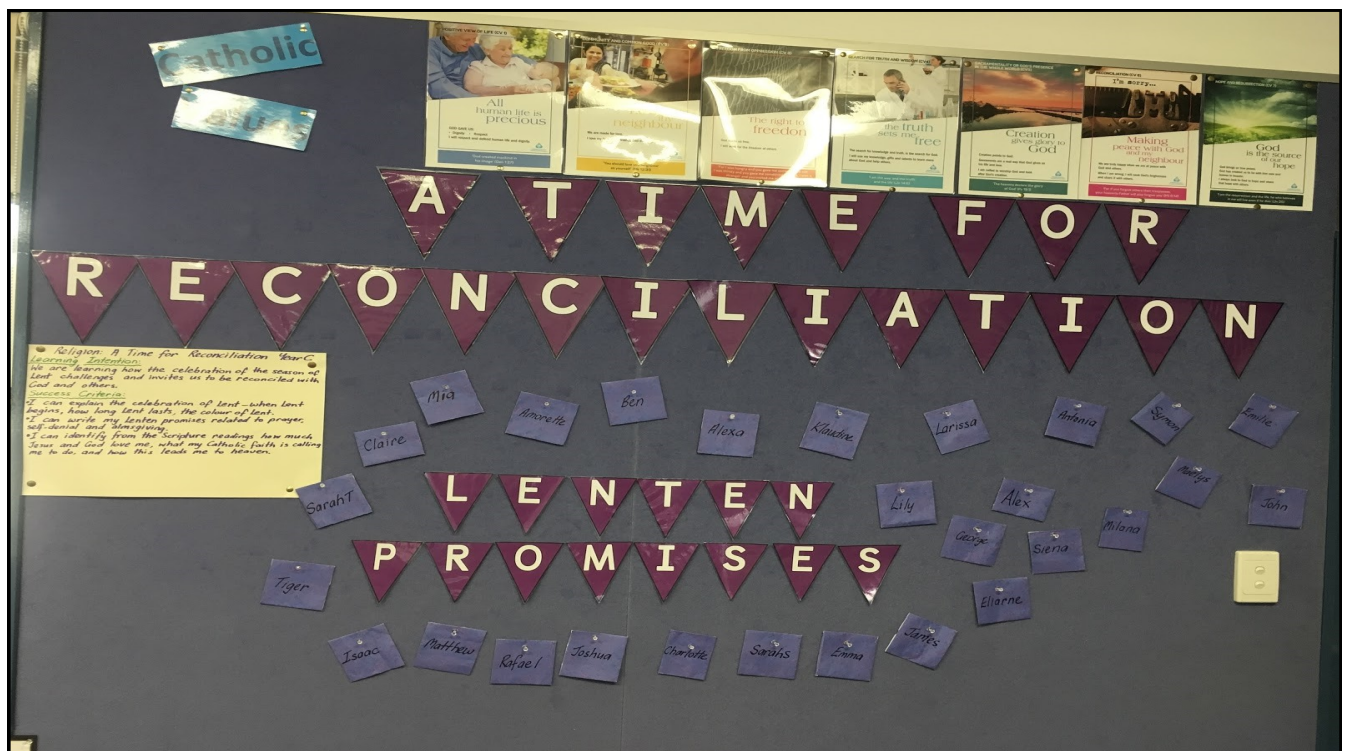

In Religion, we have studied the values contained on our school's Values Statement, looked at our school emblem and the meaning of its symbols. We also explored the significance of our motto, **"to know, to love and to serve"**, and its impact on us as senior students of our school community.

Our first Religious Education unit for this term was 'Servant Leadership'. In this unit, we explored many scripture passages from the bible showing leadership. Some of the readings included - Moses who was solemnly commissioned to lead his people out of Egypt and into freedom and in John's Gospel where Jesus dramatically represents his style of leadership by washing the feet of his disciples. Each of these readings related to the qualities required to be a good leader.

Our Lenten unit this year is 'A Time for Reconciliation'. In this unit we will study 'The Parable of the Prodigal Son'. We will also analyse and interpret the parable's purpose and message within the context of the Lent and the celebration of the sacrament of Penance.

## Mathematics in the home

Ways to help your child learn mathematical ideas at home:

- Play an object hunt eg locate 3D shapes around us
- Look for shapes that tessellate
- Complete puzzles and tangrams together
- Follow a map when travelling
- Look for symmetry in the environment eg a butterfly
- Build with construction equipment eg Lego

Other ways to help your child include:

### **Use everyday opportunities to make mathematics visible**

- Remember your child's learning may look different to yours.
- There can be a number of ways to solve a mathematical problem.
- Don't say "That's wrong", say "How did you get your answer?"
- Encourage your child to talk through their thinking
- Allow your child time to think - don't rush in and give them the answer - wait and listen.
- Use the language of space and geometry eg flat, round, curved, under, over eg "I'm hiding the teddy under the cushion, "I'm hiding the teddy behind the cushion."
